* **Source:** McKesson Specialty Health, 2021.

Average price after copay, calculated between Sept-Dec 2021. Qsymia is now covered on the majority of commercial insurance plans.

† **Restrictions apply.** Pharmacy prices and fees may vary by location. As of Jan 17th, 2022, GoodRx states that the lowest price for the most commonly prescribed dose of Qsymia is around \$192.81, 17% off the average retail price of \$233.02. Source: www.goodrx.com/qsymia.

‡ **\$98 pricing includes:** 6-week New Patient Packs, 6-week Titration Packs and all 30-day prescriptions. Additional shipping and handling costs will apply. **This is a cash only program** — insurance claims will not be processed. 90-day prescriptions are not permitted in all states.
